IT DOESN'T MATTER, THOUGH. THIS CASE ISN'T GOING TO GO ANYWHERE.

I watched *Top Gun* and *The Color of Money* on the same day, and Tom Cruise was totally different in each one. His performance was also completely different between the first and second halves of *The Color of Money*. He's amazing! Paul Newman was just as cool as ever. I wonder if there's anyone else who's aged as well as he has.

Dramatic Council President

Speaking of acting, in March 1987 there's going to be a public performance by the *I/C Fox Troupe*. I'm going to watch it! I also want to watch "Les Miserables." I'm going to the Imperial Theater! If I don't tell myself that, I'll be so busy I won't be able to go
